System Testing & User Walkthrough Guide

Comprehensive testing manual, role workflows, DOLE labor rules, and verification checklist for academic defense.

Frontend URL: `http://127.0.0.1:5173` **Backend API:** `http://localhost:5000`

Target Evaluation: October 2026 Shift Period

1. System Access & Team Test Credentials

Lahat ng 7 miyembro ng grupo ay may nakalaang opisyal na account sa system upang masubukan ang iba't ibang tungkulin:

TEAM MEMBER NAME	SYSTEM ROLE	USERNAME	PASSWORD	POSITION & DEPARTMENT
Ellica Chris Onggoco	Admin / Leader	`ellica`	`admin123`	Project Director & System Admin (Executive)
John Herzsel Datul	Staff	`herzsel`	`employee123`	Lead Systems Architect & Full-Stack Eng. (IT)
John Rafael Corpuz	Staff	`rafael`	`employee123`	Systems Analyst & Database Engineer (IT)
Neil Chester Mari Garcia	Staff	`neil`	`employee123`	Frontend Engineer & UI/UX Specialist (IT)
John Michael Nolasco	Staff	`michael`	`employee123`	Operations & Quality Assurance Lead (OPS)
Diether Baculpo	Staff	`diether`	`employee123`	HR & Personnel Compliance Specialist (HR)
Clark Manlapaz	Staff	`clark`	`employee123`	Financial Operations & Analytics Specialist (FIN)

> 💡 **Tip sa Pag-Test:**
> Mag-login bilang `ellica` para i-test ang Admin capabilities (approvals, staff selector sa calendar, manual logging, CSV export).
> Mag-login bilang `herzsel` (o sinumang kagrupo) para i-test ang Staff capabilities (time-in, time adjustment request, leave filing).

2. DOLE Labor Code Shift Rules & Status Legend

Ang system ay sumusunod sa pamantayan ng Philippine Labor Code para sa 8-hour daily shifts at grace periods:

LOGGED SHIFT DURATION	SYSTEM BADGE	LABOR CODE PUNCTUALITY CLASSIFICATION
7.5 hours or more	Present (Whole Day)	Full workday credit (Standard 8.0h shift na may 15-min grace window).
Past 9:15 AM arrival	Late Arrival	Late arrival flag kasama ang eksaktong bilang ng late minutes.
4.0 to < 7.5 hours	Half-Day (4h+)	Naka-credit bilang 0.5 workday.
1.0 to < 4.0 hours	Undertime (<4h)	Kulang sa half-day threshold; minarkahan bilang undertime.
Less than 1.0 hour	Incomplete Shift (<1h)	Invalid / incomplete punch (tulad ng 1-minute test punch); hindi kini-credit.
Sabado at Linggo	Rest Day	Opisyal na non-working day ng empleyado (naka-highlight sa calendar).
Official Holidays	Official Holiday	Philippine public/corporate holiday (hal. Oct 31, Nov 1 All Saints' Day).

3. Step-by-Step Testing: Staff Member Role

(Mag-login gamit ang username `herzsel` at password `employee123`)

1 Dashboard Overview & Shift Schedule

Pagka-login, suriin ang personal Dashboard: makikita ang Core Working Hours (09:00 AM - 05:00 PM), Days Present, Shift Deviations, at Leave Balance card.

2 Time Clock In & 2nd Verification Confirmation Modal

Pindutin ang malaking berdeng **"Record Time-In"** button. May lalabas na **2nd Acceptance Modal**:

- Pindutin ang **"Cancel, Go Back"** — upang masigurong hindi agad magti-time in kung sakaling nagkamali lang ng pindot.
- Pindutin muli ang Time-In at piliin ang **"Confirm & Clock-In"** — mase-save ang Time-In at magiging live shift timer na kulay pula/amber ang button.

3 Time Clock Out & Re-Clock Testing

Pindutin ang **"Record Time-Out"** at i-confirm sa modal. Makikita ang logged duration at status (Whole Day, Late, Half-Day, o Incomplete kung maikling test lamang). May **"Re-Clock Shift"** button upang ma-reset ang shift para sa testing at demo.

4 Attendance Calendar Audit

Pumunta sa **"My Attendance"** tab:

- Tignan ang buong buwan ng Oktubre 2026. Lahat ng Sabado at Linggo ay may markang `Rest Day`.
- Makikita ang mga araw na pinasukan na may berdeng `Present` at oras (In / Out).
- Pumunta sa Audit Records tab, mag-filter ng "Late", at bumalik sa Calendar — mananatiling buo at hindi mawawala ang inyong Present days!

5 Pag-file ng Time Adjustment Request (Kung may problem sa time in/out)

I-click ang **"Request Time Adjustment"** link sa ibaba ng Time Clock widget:

- Piliin ang petsa ng araw na may discrepancy.
- I-type ang hininging Time-In (hal. `08:50 AM`) at Time-Out (`05:05 PM`).
- Ilagay ang dahilan sa Reason box (hal. *"Turnstile card error during building entry"*).
- I-submit at tignan sa **"My Adjustment Requests"** tab na ito ay naka-`Pending` para sa approval ng Admin.

6 Pag-apply ng Leave of Absence

Sa Dashboard, pindutin ang **"Apply for Leave →"** sa Leave Balance card. Piliin ang Leave Type (Vacation/Sick), simula at huling petsa, ilagay ang dahilan, at i-submit. Makikita ito sa inyong Leave Requests listahan.

7 Profile Settings & Photo Upload

I-click ang inyong pangalan sa bottom-left ng sidebar. Mag-upload ng profile picture — awtomatiko itong iki-compress at iko-connect sa inyong account!

4. Step-by-Step Testing: System Administrator Role

(Mag-login gamit ang username `ellica` at password `admin123`)

1 Executive Dashboard & Compliance Tracking

Makikita ang Total Workforce (7 Active Staff), kasalukuyang bilang ng Present, Late, at On-Leave, kasama ang Attendance Compliance Bar (%) at Department Distribution.

2 Multi-Staff Calendar Inspector

Pumunta sa **"Attendance Records"** → **"Attendance Calendar"**. Gamitin ang **"Viewing Staff"** dropdown upang ilipat sa pagitan nina Herzsel, Rafael, Neil, at iba pa. Makikita ang buwanang record ng bawat isa nang hiwalay at accurate.

3 Auditing Records, Table Filters, & CSV Export

Sa **"Attendance Audit Records"** tab:

- I-filter ayon sa Department, Status (hal. `Late`), o pumili ng petsa.
- I-click ang **"Export CSV"** upang mai-download ang filtered logs sa Excel format.
- I-click ang **"Log Manual Record"** upang mag-record ng attendance sa ngalan ng empleyado.

4 Pag-apruba ng Time Adjustment Requests

Pumunta sa **"Time Adjustment Requests"** tab. Makikita ang adjustment request na isinumite ng staff. Pindutin ang **"Approve"** o **"Reject"**, maglagay ng Admin remarks, at i-confirm. Awtomatikong maita-tama ang attendance record ng staff!

5 Pag-apruba ng Leave Requests

Pumunta sa **"Leave Requests"** sa sidebar. Makikita ang nakabinbing leave application. Pindutin ang **"Approve"** at maglagay ng approval note. Awtomatikong mababawasan ang leave balance at mamamarkahan ang mga araw na iyon sa calendar.

6 Employee Directory & Department Budget Management

Subukan ang **"Employee Directory"** (Add Employee, Edit, View Drawer, at **Export Roster CSV**) at **"Departments"** (Create Department, Edit budget, at view assigned staff).

7 Reports & Academic Sign-Off Form

Pumunta sa **"Reports & Analytics"**:

- **Report 1:** Monthly Attendance Summary (i-click ang **"Export CSV"**).
- **Report 2:** Department Cross-Analytics (i-click ang **"Export CSV"**).
- I-click ang **"Print Official Report"** (`Ctrl+P`) upang makita ang pormal na printable layout na naglalaman ng signature lines para sa Group Leader, Lead Architect, at Instructor/Evaluator.

5. Team Quality Assurance & Verification Checklist

Maaaring lagyan ng tsek (✓) ng bawat miyembro ang checklist na ito habang sinusubukan ang bawat bahagi ng system:

- [ ] 1. Authentication (Admin & Staff Login/Logout)
- [ ] 2. 2nd Verification Modal sa Time-In / Time-Out
- [ ] 3. Labor Code Statuses (Whole Day, Late, Half-Day, Undertime)
- [ ] 4. Attendance Calendar (Rest Days & Public Holidays)
- [ ] 5. Decoupled Table Filters (Hindi nawawala ang Present days)
- [ ] 6. Admin Staff Selector sa Calendar View
- [ ] 7. Time Adjustment Filing & Admin Approval
- [ ] 8. Leave Application & Approval Synchronization
- [ ] 9. CSV Data Export sa Attendance, Reports, at Roster
- [ ] 10. Official Printable Report na may Evaluation Sign-Off
- [ ] 11. Profile Photo Upload na may Canvas Compression
- [ ] 12. 0 Console Errors at Malinis na Responsive UI

Academic Evaluation & Team Attestation

This document certifies that the Employee Attendance Management System (AttendEase Enterprise) has been comprehensively reviewed, tested, and validated in compliance with academic requirements.
